## HAVE NOT YET AGREED

Nothing So Far Accomplished by the Miners' Convention.

### GREAT DIFFERENCE OF OPINION.

President Hatchford Confident That the Delegates Will Finally Decide to Accept of the Compromise, and That the Miners Will Soon Be Back to Work—The Latest Strike Information.

COLUMBUS, O., Sept. 10.—The miners' convention remained in executive session until late yesterday afternoon, adjourning without having taken a vote on the proposed settlement. President Hatchford said: "You may predict with every degree of certainty that a settlement will be reached and that the action of the national board in recommending a settlement will be endorsed. The delegates are beginning to see that the best thing they can do is to accept the proposition of the operators and return to work at the price offered. Nearly every delegate desired to say something regarding conditions in his own locality and the convention had to permit them to have their say. When they have finished the convention can get to work."

The arguments that have been presented by the officials and members of the executive board in favor of a settlement have had great weight with the delegates, who have come to the convention uninstructed, and even some of those who came with instructions have gone so far as to communicate with their constituents, asking to be relieved of instructions that they may be free to vote as they deem best. Should this gift of sentiment continue until a vote is taken the proposition for a settlement will undoubtedly be accepted.

The question as to whether a settlement on the lines proposed can be made general appears to be the stumbling block at this time. If the delegates from Illinois, Indiana, West Virginia and portions of Ohio were assured that the settlement would be beneficial to them as well as to the miners of the Pittsburgh district, they would not hesitate to vote for a settlement. The Illinois miners have not changed their position and positively decline to accept the terms of settlement proposed by the national board. The officials have partially met the argument of the Illinois miners by saying that if the Illinois delegates will agree to a settlement so that the miners of other states can resume work the Illinois operators will be forced to pay the price by their competitors in other states. Should Illinois agree to this arrangement Indiana and West Virginia will fall into line without hesitation.

The committee on resolutions is about equally divided on the question of a settlement, and will probably present two reports to the convention.

There were some fiery speeches in the executive session of the convention by delegates from Ohio, Illinois and West Virginia. Secretary T. L. Lewis of the Ohio miners said that no matter what action the convention took it would not settle the strike, and Organizer Ray, who has been at work in West Virginia, charged that the conditions in that state were due largely to it being overrun by nonunion miners from Ohio and the Pittsburgh districts. He said if these two districts had been organized properly there would have been no trouble in bringing the West Virginia miners into line.

A proposition to admit of additional delegates from Pennsylvania caused a stormy discussion. The Illinois delegates objected on the ground that if one state was allowed this privilege it should be accorded to all. The matter was of material importance, as to admit new delegates might change the vote, and the opposition was so strong that the motion to admit the additional Pennsylvania delegates was voted down.

An effort will be made by the officers to bring the convention to a close as soon as the prospects of a favorable vote on the proposition for a settlement are ripe.

#### Miners Still Marching.

HAZELTON, Pa., Sept. 10.—The striking miners continued marching yesterday. They marched to Beaver Meadow colliery, and before being dispersed by the deputies they drove all the employees from the mine. There are more miners idle today than at any time since the strike began. It is said that nearly 8,000 are on a strike. Manager Lwall of Lehigh and Wilkesbarre collieries failed to meet the men yesterday and matters are now more complicated than ever.

#### Miners Return to Work.

MARIETTA, O., Sept. 10.—The recently organized union miners at all the mines between here and Palos went to work yesterday morning at 54 cents, an advance of 6 cents over the old rate. The product is contracted for by Cleveland and Toledo parties at \$1.50 a ton.

#### A RIVER STEAMER SUNK.

The Passengers All Got Off the Belle of Memphis Safely.

St. Louis, Sept. 10.—The Anchor line steamer Belle of Memphis sank Wednesday night, near Croen's island, just below Chester, Ill., in about nine feet of water. There is a break 40 feet long through her keel. There were about one hundred passengers on board, many of them St. Louis people, all of whom got off without accident.

The Belle of Memphis was rebuilt about two years ago.

### LONG-CONTINUED DROUTH.

Corn in Northern Indiana Threatened With Total Destruction.

LAPORTE, Ind., Sept. 10.—The continued drouth now threatens the almost entire destruction of the corn crop in northern Indiana counties, where there has been but little rainfall since the latter part of July. In some localities entire fields have been literally burned. Pastures are as dry as powder, and in some sections fires have caused serious losses.

The predicted phenomenal corn crop in the Gifford district in the Kankakee region, where a large colony of farmers settled, will be a total loss. The result is serious.

Housewives are carrying water for one-fourth mile and more who never were put to such inconvenience before. Many farmers are hauling water three and four miles to supply their families and livestock.

#### TOWNS THREATENED BY FIRE.

Flames on All Sides and Absolutely No Fire Protection.

WHITING, Ind., Sept. 10.—Whiting is surrounded on three sides by prairie fires, which are causing no little apprehension on the part of the citizens residing in the outlying districts. Already considerable property has been destroyed and much more is threatened.

The gravest apprehension is felt at Wilcox and Stiglitz Park, both settlements being situated on the open prairie and with absolutely no fire protection whatever. The flames are creeping closely and the residents are out in force fighting to save their homes.

#### Rider Badly Injured.

St. Louis, Sept. 10.—Charles Slaughter, who has been riding for Barney Schriebers and other stables at the fair grounds, and who is well known at all the tracks throughout the south and southwest, especially in Texas, was badly and probably fatally injured yesterday. It was in the last event at the fair grounds that the unfortunate boy was thrown by his mount, Mary Nance, who slipped and fell. Slaughter is badly injured internally and his head crushed. Congestion of the brain is feared.

#### Woman Shot by Burglars.

ROCHESTER, Sept. 10.—At Churchville, a few miles west of Rochester, Wednesday night Mrs. George Smith was shot and fatally wounded by burglars. Mr. Smith, who is a man of wealth, was overpowered by two masked men, who bound and gagged him and by threats compelled him to give up \$1,300, which was in the house, and left him helpless to give the alarm. Mr. and Mrs. Smith occupied adjoining rooms. Mrs. Smith was shot in the ear, the bullet lodging in the back of the head.

#### Million Dollar Failure.

NEW YORK, Sept. 10.—James R. Willard, Elmer Dwiggins and J. Dwiggins, who compose the firm of J. R. Willard & Company, bankers and brokers, with offices in this city, Buffalo, Washington, Philadelphia and Montreal, have assigned to James L. Starbuck, with preferences for \$20,000 to William H. Osterhout. No statement of the condition of the firm is yet obtainable, but it is estimated their liabilities will reach \$1,000,000. Jay Dwiggins is at present traveling in Europe.

#### Bride Awakened With an Ax.

PRINCETON, Ind., Sept. 10.—Mrs. Sarah Oliphant, after securing a divorce from Henry Oliphant, married Charles Marsh, an enemy of Oliphant. The latter resented this by hurling an ax through the window into their sleeping room, injuring the bride. Then came a personal collision between Marsh and Oliphant, in which both men were roughly handled, followed by several arrests.

DENVER, Sept. 10.—A report has just reached here that a head-end collision has occurred, a mile west of Newcastle, Colo., between a Denver and Rio Grande passenger train and a freight of the Colorado Midland. It is said that 10 or 12 people were killed.

#### Orphan Tot Scalded to Death.

HUNTINGTON, W. Va., Sept. 10.—Eugene King, a 3-year-old boy at the children's home, an institution under the control of the King's Daughters, died last night from injuries resulting from turning a boiler of hot coffee upon himself yesterday morning.

#### Smoked Cigarettes.

HARTFORD CITY, Ind., Sept. 10.—Barns belonging to H. B. Smith, president of the Citizens' bank, and H. M. Campbell burned yesterday with contents, including one valuable horse. The fire was caused by boys smoking cigarettes.

#### Barn and Contents Burned.

NEW CASTLE, Ind., Sept. 10.—A large barn belonging to Bartlett & Son, nine miles south, burned last night with all its contents, including two mules and one horse. Loss, \$1,200. Insurance unknown.

#### Strike Growing Serious.

ELWOOD, Ind., Sept. 10.—The strike at the tinplate factory grows more serious as the company has men en route to take the places of the strikers and the latter are preparing to keep them out.

#### Complicating Matters.

ELWOOD, Ind., Sept. 10.—The blowers and gatherers began work at the Elwood window glass factory, but the cutters and flatteners refuse to work, badly complicating matters.

## VICTIM OF THE FEVER

One More Death Has Occurred at Ocean Springs.

### PRONOUNCED YELLOW FEVER.

Death of a Child, but It Is Thought to Be Due to Other Causes—The Dread Disease Exists at Biloxi—One of the Physicians at Ocean Springs Stricken Down. Latest Reports.

NEW ORLEANS, Sept. 10.—Sherry Seymour died at 1 o'clock yesterday morning at Ocean Springs of the prevailing fever. As soon as his death was reported arrangements were made by Dr. Guiteras to hold an autopsy, beginning at 9 o'clock. Drs. Murray, Carter and Wadlin of the marine hospital service and Drs. Lehman, Dunn, Gant and Bailly were present.

Sherry Seymour was in bad health before he was stricken, was dissipated and unnecessarily exposed himself. He was first treated with primitive methods by his family, no physician was called for four days, and when he showed temporary recovery he over-ate himself and died. Dr. Guiteras, Dr. Murray and all who participated in the autopsy declared, however, that there was no question that the man had died of yellow fever.

One of Dr. Guiteras' doubtful patients, a child, died yesterday. In Dr. Guiteras' opinion the child did not die of yellow fever.

Yesterday evening Dr. Guiteras pronounced the case of Earnest Reanges, now sick, as yellow fever.

Dr. Seely, who has been nursing patients at Ocean Springs, has been stricken with yellow fever at his home at Perkinson, Miss. The case has been officially confirmed and Dr. H. S. Guley of Meridian, state health officer, has gone to Perkinson to take charge of the town and establish quarantine.

Late yesterday evening the three cases heretofore reported as existing at Biloxi were confirmed as yellow fever by Drs. Murray and Gant, after a careful investigation. They are thoroughly isolated, and it is confidently predicted that a spread of the contagion will be prevented. A feeling of depression exists in Biloxi, but the little city is rising equal to the situation and a couple of tons of disinfectants are being scattered through the town.

In this city the board of health last night announced that there are 12 suspicious cases in one block down town. Under ordinary circumstances these cases would not have even been deemed suspicious, but two weeks ago a refugee from Ocean Springs died in that vicinity and since then the fever has spread there. None of the patients have died nor are any seriously ill. The board of experts have been studying the cases several days, but they have not been able to reach a definite conclusion, and it was finally decided to report the cases as suspicious, in accordance with the board's pledge to keep the public fully in its confidence.

The board of health has placed guards about the square and ordered a sanitary inspection for five squares around.

These 12 cases are on one square, in a row of six small houses. In one of these houses a young lady from Ocean Springs, who was visiting a family here, died. Her remains were sent to Ocean Springs for interment. The attending physician had no suspicion that she had died of yellow fever.

Dr. H. S. Guley, Mississippi's state health officer, has ordered the Gulf and Ship Island railroad from Hattiesburg to gulf port closed to traffic of any kind until further notice to prevent the spread of the fever from the infected towns on the gulf to interior points.

Nothing of moment has developed at Mobile. Quarantine has been declared there against Perkinson and Barclay, Jackson county, Miss.

Dr. Salamson and Dr. Kelly yesterday examined nine cases of fever in Moss Point. They declared that there is no case of yellow fever in that town nor even a suspicious case.

Dr. Guiteras will go to Biloxi and Scranton after he has completed his investigations in Ocean Springs.

#### AT BILOXI, MISSISSIPPI.

About a Dozen Cases of Yellow Fever, but No Deaths.

BILOXI, Miss., Sept. 10.—The three cases of yellow fever confirmed by the experts yesterday are in the Bosarge family and are traceable to the use of water in the place, which has been the source of sickness for years to every family living in the house. Dr. Bolton, who was treating the Bosarge family up to Monday last, is now sick himself, but his family do not admit he has the yellow fever. He has, however, a very high stage of fever. His physician, Dr. Bohne, is also on the sick list.

There are now in all about 10 cases of admitted yellow fever, but so far no deaths. All of the sick are doing well, and no serious results are feared.

Dr. L. C. Lebo, a prominent physician of this city, reported a case of black vomit yesterday, but the patient is doing fairly well. Dr. J. R. Tackett says that he has in his practice eight cases of genuine yellow fever scattered all over the city.

MONTGOMERY, Ala., Sept. 10.—In accordance with the recommendations of the state board of health, Governor Johnson has issued a quarantine proclamation against all places infected with yellow fever. Rumors to the effect that yellow fever exists in Montgomery are absolutely false. There is not now, nor has there been a case of the disease in this city.

### ALL EXPERT TESTIMONY.

Luetgert Possessed of More Nerve Than Any Other Man Ever Tried in Chicago.

CHICAGO, Sept. 10.—Both the morning and afternoon sessions of the court in the trial of Adolph Luetgert were consumed in the taking of expert testimony. Through chemical analysis the state must establish not only the possibility of a human body being dissolved by the action of caustic potash heated to the boiling point, but also the fact that the bits of bone, hair and flesh and the scrapings of pinkish brown material from the interior of the vat in the sausage factory are portions of the body of a human being. If they can demonstrate these two propositions beyond a reasonable doubt, one of the most important portions of their case will have been accomplished. By circumstantial evidence they have endeavored to prove that Luetgert was anxious to rid himself of his wife, and that he enticed his wife to his factory on the evening of May 1. By expert testimony they expect to prove that Mrs. Luetgert's remains are now represented by the bits of beef, flesh and hair.

Two expert witnesses have been called, Dr. Charles B. Gibson and Professor Madk Delafontaine. Dr. Gibson, whose direct examination was begun Wednesday, offered further testimony for the state and was turned over to the defense for cross-examination. Professor Delafontaine was examined by Assistant State Attorney McEwen, the direct examination occupying the remaining time of the morning session and the entire afternoon session.

The prosecution could not draw from Professor Delafontaine the assertion that the bits of flesh were human flesh. They might be human, but they might also be the flesh of an animal. The bones he was sure were human bones, but regarding the flesh he was very guarded and careful in his statements.

At no time during the day did the defendant display any emotion, not even when the big dry goods box with its greasy contents of flesh and bones was placed a few feet from him near the jury. He handled the gunny sacks and inspected with curious glance the bits of flesh and bone which were passed gingerly from attorney to attorney, but at no time did his hand tremble or the look of ordinary interest give way to pallor or an averted glance. Innocent or guilty, the verdict of all is that Luetgert is possessed of more nerve than any other man who has ever been tried for murder within the precincts of the criminal court building.

The attorneys for the defense continue in their confident attitude and assert that when their prisoner is acquitted, and they declare that when he is free, a number of damage suits are to be commenced. They intend that those who have put "manufactured evidence," as they put it, shall suffer for the wrong which they say has been done their client.

#### FORCING CIVILIZATION.

Uncompahgre Indians Must Take Allotments of Lands at Once.

WHITE ROCK, Utah, Sept. 10.—Instructions to the commissioners who are to allot the Uncompahgre Indian lands, have been received, and among other things the instructions say: "Your first duty will be to assemble the Uncompahgres in council and explain to them the provision of the act of 1897 and the necessity that exists for them to take allotments at once, if they desire to retain any of their lands within the reservation proper, as otherwise they will be opened to settlement on the 1st of April next."

From this it will be readily seen that the government is endeavoring to force the Indians to accept civilization, but they failed in the past and the uneasy temper of their wards render success doubtful.

#### KENTUCKY CROPS.

Corn Has Been Injured by Drouth and the Tobacco Is Late.

FRANKFORT, Ky., Sept. 10.—The Kentucky crop report, just issued, shows that drouth prevailed over almost the entire state during August, and the condition of corn has fallen from 93 to 88. Early corn will, to a great extent, constitute the crop.

The tobacco crop percentage is 60. The remarkable fact concerning tobacco is that 5 per cent has been housed. This is in striking contrast with last year, when 75 per cent was cut and housed at this date.

The farmers of Kentucky still hold 56 per cent of the wheat crop.

#### Death of a Gallant Soldier.

WASHINGTON, Sept. 10.—Adjutant General Ruggles received a telegram yesterday, saying that Captain Samuel McConihe of the Fourteenth infantry died at St. Luke's hospital, New York city, Wednesday evening, from Bright's disease. Captain McConihe was one of the heroes of the civil war and received six brevets for gallant and meritorious services, the last being as brigadier general of volunteers for conspicuous gallantry at the battles of the Wilderness and Spottsylvania.

#### An Insurance Man Shot.

MOBILE, Sept. 10.—At Atmore station, on the Louisville and Nashville road, Grayson Hanks, a traveling life insurance agent of Newport or Covington, Ky., was shot in the mouth and seriously wounded by a man named McDonald of Atmore. The two had a quarrel. McDonald went home and armed himself, and returning to the station, shot Hanks as soon as he saw him. The shooter was arrested.

GLASGOW, Ky., Sept. 10.—Sam Tarter, 28, brakeman, was instantly killed at Cave City yesterday. He fell from a freight train.

## STATE TICKET NAMED.

Doings of the National Democratic Convention.

### OUTHWAITE FOR U. S. SENATOR.

He Was Unanimously Endorsed For That Position—Bicycle Rider Drowned—A Child Strangled to Death—Smothered in a Wheat Pit—Reunion of Veterans. Other Ohio State News.

COLUMBUS, O., Sept. 10.—The state convention of the National Democrats yesterday was not as large as expected, the attendance being limited to probably a half hundred delegates. The leaders of the party express themselves as well satisfied, however, and attribute the small attendance to the fact that business men generally are less apprehensive on the money question than a year ago. They believe also that the party has pursued a wise policy in nominating a state ticket. This was the only question in fact upon which a difference of opinion developed, but the majority seemed to think that a state ticket would give the party organization a prestige which it could not otherwise secure, and one was nominated.

Next to the nomination of a state ticket the most important action of the convention was endorsing a candidate for United States senator. The proposition originated with the Franklin county delegates, and Hon. Joseph H. Outhwaite of this city was unanimously endorsed.

The following state ticket was nominated:

For governor—Julius Dexter of Cincinnati.

Lieutenant governor—A. E. Merrill of Sandusky.

Judge of the supreme court—Judge John H. Clark of Youngstown.

Attorney general—Daniel Wilson of Cincinnati.

State treasurer—Samuel Stevens of Columbus.

State commissioner of schools—Professor W. H. Johnson of Granville.

Member of state board of public works—Henry D. Coffinberry of Cleveland.

#### Bicycle Rider Drowned.

PIQUA, O., Sept. 10.—Joseph F. Kirby, 32 years old and a resident of this city, was drowned in the hydraulic. He was riding along the bank on a bicycle and losing his balance was plunged into the stream, where it was 16 feet deep. Before assistance could be given him he had gone down for the last time. The body was recovered an hour later and an effort made to revive him, but life was extinct. He leaves a wife and two children in poor circumstances.

#### Child Strangled to Death.

SARDINIA, O., Sept. 10.—Edna McClatchey, the 5-year-old daughter of Henry McClatchey, a farmer near here, was strangled to death under peculiar circumstances. The child attempted to crawl into the granary, when a sliding door on the oats bin dropped down, pinning it by the neck to the floor. When discovered by the mother, about two hours later, the little girl was dead.

#### Smothered by Wheat.

MOUNT VERNON, O., Sept. 10.—Monroe J. Simons of Fredericktown, was smothered to death in the tunnel of his wheat pit. There were three carloads of wheat in the pit, and it was being unloaded. Mr. Simons got into the pit to shovel the wheat, and was drawn into the tunnel. It was an hour before the body was recovered.

#### Reunion of Veterans.

COLUMBUS, O., Sept. 10.—The Fifty-third O. V. I., in reunion here yesterday, decided to meet at Cincinnati next year at the time of the G. A. R. encampment. They re-elected all the old officers and recommended Wells S. Jones of Waverly as member of the governor's commission to locate the battle lines at Shiloh.

#### How He Amused Himself.

AKRON, O., Sept. 10.—John Dusenberry, an eccentric character of Rittman, thought to amuse himself and scare the neighbors by exploding half a pound of dynamite on his porch yesterday morning. His home is badly wrecked, and Dusenberry probably fatally hurt.

#### Accidental Killing.

BUCYRUS, O., Sept. 10.—Mrs. Samuel Traxler, while riding with her family, was accidentally shot. Her son was carrying a rifle, which struck against the seat and was discharged, shooting Mrs. Traxler in the back. She died a few minutes afterward.

#### Crude Oil For Fuel.

DELPHOS, O., Sept. 10.—After several weeks' idleness on account of lack of fuel, the paper mills here started yesterday on full time burning crude oil. They have enough orders to keep them running night and day for some time.

#### Typhoid Epidemic.

RUSHMORE, O., Sept. 10.—This village is suffering from an epidemic of typhoid fever. A number of persons are lying very low, four in one family. This is the third successive season this region has been thus affected.

#### Shoe Cutters on a Strike.

RIPLEY, O., Sept. 10.—The cutters at the Ripley shoe factory went out on a strike yesterday. There has been dissatisfaction for some time over the scale of wages paid and they demand an increase of 20 per cent.

INDICATIONS.—Generally fair weather; probably cooler Friday night; light to fresh southerly winds.

THAT Republican deficit continues to grow. It amounted to \$28,256,544 at last accounts. Probably Mr. Dingley's bill will produce enough revenue in the course of time.

THERESA SPECKER, a Covington musician who is on the tax books for only \$6,000, appeared in court this week, voluntarily, and said she was worth \$18,000, and asked to be assessed on that amount. If all were as honest as she, what an addition would be made to the tax duplicate in every city and county. There are some people right here in Maysville who perjure themselves every time they make oath to their assessment.

WHITE Republicans of Georgia and Louisiana are up in arms over the appointment of negroes to important Federal offices in the two States. At New Orleans a strong Republican club has adopted resolutions denouncing the appointment of Demas, a colored Republican, as naval officer for that revenue district. The club declares that such an appointment will be a return to the era of corruption in Louisiana, and will destroy the Republican party in that State. Demas is denounced as a "notorious boodler."

THE Kentucky crop report for August, issued by Agricultural Commissioner Moore yesterday, shows such a prosperous condition of affairs among the farmers and cattle raisers of the State that Chairman Hampton, of the State Central Committee, thinks it should be scattered broadcast among the people of the State, as is evidenced by the following letter received from him to-day from Louisville, under date of the 7th, by Commissioner Lucas Moore:

"I noticed in the papers of yesterday that your agricultural report for August has been given to the printers, and that it will show up exceedingly well for the farmers of Kentucky. As soon as it is printed I wish you would send me as many copies as you can, as I believe it will make splendid campaign literature."

—Louisville Commercial.  
 Of course, the report wasn't gotten up for "campaign purposes," Commissioner Moore wouldn't do anything of the kind. Still, it's just a little suspicious that his report doesn't harmonize at all with the report sent out by the Government Weather Bureau's observer at Louisville.

Special Car to Fair Grounds To-morrow.  
 A special car will be at Fountain Square at 1:30 Saturday afternoon to convey intending purchasers of privileges to the fair grounds, free.

HOME-GROWN berries, Calhoun's.

SCHOOL books sold for cash only at J. T. Kackley & Co.'s.

FIRE INSURANCE.—Pickett & Respees, successors to Duley & Baldwin.

MR. HENRY WADSWORTH went to Portsmouth this morning to play with the Navies of Cincinnati in ball games to-day and to-morrow.

### MR. JOHN STILLWELL.

A Former Resident of Maysville Died Recently at His Home in Lafayette, Indiana.

Mr. John Stillwell, an old-time resident of Maysville,—born and reared here,—died a short time since at Lafayette, Ind., aged about eighty-two years.

His first wife was a daughter of the late Mr. Robert Humphreys, of this county, and a sister of Mr. George R. Humphreys, of Washington, and Mrs. Alice H. Evans, of this city. She left two children, Mrs. Laura S. Greene, of Colorado Springs, Col., and Mr. John Stillwell, of Joplin, Mo. The last wife of Mr. Stillwell was a Miss Fleming, of Lexington, who survives him, with two children, a son and daughter.

Mr. Stillwell had been prominent in several cities in his day as a business man and speculator, but for many years had made his home at Lafayette. He expressed the desire to be laid at rest by the side of his parents here in Maysville, but he was buried in Lexington where his last wife's people are buried.

### The C. and O. Leads the List.

Heavier train loads are probably hauled over the Chesapeake and Ohio and at a lower average per ton per mile than over any other road in the United States. Since 1890 the average freight train load hauled over the C. and O. has increased from 225 tons to 352 tons for the company's fiscal year ending June 30 last. The increase in the average train load for the fiscal year just past shows an increase of 27 tons over the average train load hauled during the preceding fiscal year.

The Lake Shore, with its light grades, hauls an average train load 30 tons less than the C. and O.

Taking the last report obtainable of the roads named, it shows the average train loads hauled to be: Chesapeake and Ohio, 352 tons; Lake Shore, 322 tons; New York Central, 268 tons, and Great Northern, 256 tons.

AN important injunction case was heard by Chief Justice Lewis of the Court of Appeals in chambers Wednesday. The case is that of Meek against the Chesapeake and Ohio railroad, in which Meek is seeking in the Johnson County Circuit Court to have a penalty assessed against the road for alleged discrimination in freight rates. The C. and O. asked for an injunction in the lower court, which was granted, but was afterwards dissolved. After arguments by ex-Attorney General Hendrick and Attorney Mays for Meek, and A. M. J. Cochran and W. H. Wadsworth, of this city, for the road, Judge Lewis reinstated the injunction temporarily, and the case will be argued in the Court of Appeals at the coming term.

CONSTABLE DAWSON jailed Green Shaw, colored, of Germantown, Thursday, for safe keeping. Shaw will probably be tried on a writ of lunacy. He has been in the asylum once, and appears to be off mentally again. Mr. Dawson found him near the home of Mr. Thornton Cox, east of Maysville.

THE eight-months-old son of Mrs. Richard Cogan, of Cincinnati, died Wednesday of cholera infantum and was brought here Thursday afternoon and buried in the cemetery at Washington. The child's father, the late Richard Cogan, died about three weeks ago while at Mayslick, and was buried at Washington.

W. C. MOORE, Chesapeake and Ohio agent at Ewing, Montgomery County, and Miss Sallie Anderson, of Mt. Sterling, eloped to Richmond this week where they were married. A tinge of romance is given the affair by the fact that Miss Anderson was for years Mr. Moore's Sunday school teacher, making a protegee of him when a youth, encouraging him and putting him on the road of success.

ABOUT  
OUR

## Shoes!

When we concluded to handle Men's and Youth's Shoes, quality was the first consideration in our purchase. As ranks in quality all our various lines, so will the quality of our Shoes rank too.

Messrs. Smith & Stoughton, of Boston, Mass., who made our Shoes for us, say to us, "Your \$2 and \$2.50 Shoes excel all others at the price." They further say, "We have made you a Shoe to retail at \$3 that you can guarantee to wear equal to any \$4 Shoe made in the country. We warrant every pair of them." The above-mentioned lines are in and on sale. The balance of our line, comprising many new novelties in many different shades and finish, will be in soon; It will pay you to wait for them if you can conveniently do so.

## METHODISTS IN SESSION.

Business Transacted at Thursday's Meeting of the M. E. Conference at Pineville.

PINEVILLE, Ky., Sept. 9.—Bishop Malilieu took the chair at 9 o'clock to-day at the M. E. conference. Presiding Elders J. G. Dover, Ashland; G. R. Frenger, Covington; C. J. Howes, Louisville; J. S. Miller, Middlesburg; S. W. Shelton, Green River and J. D. Walsh, Lexington, made cheering reports of their districts.

Mrs. J. B. Jones, Covington, representing the Women's Foreign Missionary Society, was introduced to the conference.

Judge Brown, Judge Boreing, of London; Judge Dye, of Sardis, Dr. Tevis, of Shelbyville, and George B. Johnson, of Cincinnati, are among the distinguished laymen visitors.

S. K. Ramey, a former Presiding Elder, accused of appropriating money to his own use, which was placed in his hands by the conference for men on poor circuits within his district, failed to meet his accusers, and will certainly be expelled from the conference, this being the fourth time set for his trial. Each time he has absented himself.

There was another large crowd at the Ewing fair Thursday.

The novelty race was won by Joe Curns, of Moorefield, Tom Laytham, of Mayslick, second. Purses \$5 and \$2.

The second race, the 2-40 pace for a purse of \$150, was won by Hazel Boy, owned by Thomas Sparks, of Elizabeth, Ky., in straight heats.

The third race for Mayslick horses had six starters.—Fred Fox's Lady Douglass, Joe Caldwell's Dan Q. J. T. Williams' Nellie S., John Cliff's Jennie Wood, John Clarke's Mollie Kirk and John Laytham's Dandy. The purse was \$100; no second money. Summary:

### The Tobacco and Corn Prospects.

FRANKFORT, Ky., Sept. 9.—The Kentucky crop report, just issued, shows that drought prevailed over almost the entire State during August, and the condition of corn has fallen from 93 to 88. Early corn will, to a great extent, constitute the crop.

The tobacco crop percentage is 60. The remarkable fact concerning tobacco is that 5 per cent. has been housed. This is in striking contrast with last year, when 75 per cent. was cut and housed at this date.

Cincinnati Sunday Excursion, September 12th, \$1.

On Sunday, September 12th, the C. and O. will sell round trip tickets Maysville to Cincinnati at \$1. Good going on 8:50 a. m. train; good returning on No. 4, 9:10 p. m. same date. James Corbett plays first base with the Shamrocks against the Manhattans at Cincinnati ball park next Sunday.

You will find P. J. Murphy's stock of gold watches and diamonds larger than elsewhere. His prices are always lower; quality is unsurpassed. With these three advantages, you do yourself an injustice if you fail to see his stock before buying.

## Few Appreciate the Dangers

to which the expectant mother is exposed ere she passes to her heart her babe, and the dread with which she looks forward to the hour of approaching motherhood. By the use of

"Mother's Friend" the body is made to yield pleasantly and without internal protest to the change it is undergoing. Headache and nausea are dispelled, the depressed and nervous feelings yield to one of pleasurable expectation. Danger to life of both mother and child is avoided, and she passes through the ordeal quickly and her recovery is rapid.

"I know one lady, the mother of three children who suffered greatly in the birth of each, who obtained a bottle of 'Mother's Friend' of me before her fourth confinement, and was relieved quickly. All agree that their labor was shorter and less painful." JOHN G. POLHILL, MASON, GA.

Sent by Mail, on receipt of price, 50c PER BOTTLE. Book "TO EXPECTANT MOTHERS" mailed free. THE BRADFIELD REGULATOR CO., ATLANTA, GA. SOLD BY ALL DRUGGISTS.

## RAIDERS SMASH THINGS.

Nervy Work All Round, but One of Them Captured.

CYNTHIANA, Ky., Sept. 10.—Soon after midnight well armed raiders made their appearance at the first gate, east, on Oddville pike, overpowered D. N. Rees and two deputy sheriffs and ordered them to fall back with their shotguns pointed in their faces. On obeying the order the leader of the gang ordered the gate cut down, which was promptly done, then the raiders smashed the windows and firing their weapons, left.

Sheriff Rees and deputy sheriffs followed and succeeded in capturing Bob Williams after a hot chase through an orchard. Williams was brought to town and placed in jail. He claims that he had just got up and was going to the barn.

Six miles further on seven men cut down the gate on the Oddville and Stonypoint pike.

The grand jury is in session, and several indictments will be made.

### Collision of Trains.

INDIANAPOLIS, Sept. 10.—A Pennsylvania Chicago train, northbound, collided head on at noon yesterday with a Lake Erie special, southbound, at Twenty-third street, on a curve. Both were running rapidly. The engines were welded together. The platforms of all the coaches on each train were crushed. The trainmen jumped and saved their lives. Forty passengers were shaken from their seats and terrified. Some were severely bruised.

### Rich Strike of Oil.

SISTERSVILLE, W. Va., Sept. 10.—The Elkfork people came to the front with another big well yesterday, when Henry & McDonald drilled their No. 4 pipes to the Big Injun. It started off at 200 barrels, and is the first well to produce oil in that formation in the Elkfork pool. It is one of the most important strikes made here for a couple of months.

### Freight Train Wrecked on a Trestle.

ALBANY, Ind., Sept. 10.—A freight train on the Lake Erie and Western railway was wrecked yesterday on a trestle near here. Eight loaded cars were smashed. Charles Manor of Portland was killed and John Collins of the same place was fatally injured. They were stealing a ride.

### Indications.

Generally fair weather; probably cooler Friday night; light to fresh southerly winds.

### FOREST FIRES IN WYOMING.

Government Aid Needed in Suppressing Them and Protecting Settlers.

BUFFALO, Wyo., Sept. 10.—The forest fire, which has been burning for two or three weeks in the Blackhorn country continues unabated and is spreading rapidly, fanned by a high gale. Already about 20 miles square are reported covered and millions of feet of timber destroyed. The settlers have fought the fire constantly until forced to give up. There is no prospect of rain and unless something is done by the government there is no limit to the loss which may be sustained.

Another fire is reported over the divide in Bighorn country.

### DETERMINED TO DIE.

An Ohio Traveling Man Kills Himself in an Indianapolis Hotel.

INDIANAPOLIS, Sept. 10.—O. W. Rowe, living at Washington C. H. O., committed suicide at the Spencer House during the night by cutting the arteries of his left wrist. When found in the morning a lace curtain was tied around his neck. He had also tried to hang himself to the casement.

He traveled for Lister's agricultural chemical house of Newark, N. J., and had stopped at the Spencer House when in this city for eight years. This trip he was here two weeks and drank heavily. He had sobered up Tuesday after three days in the city hospital. He was married and 47 years old.

### THE GRAIN MARKET.

NEW YORK, Sept. 9.—Wheat—After opening at a decline, due to lower cables, wheat finally gave in to the true bullishness of the situation and advanced sharply, aided by fresh foreign inquiries. Spot wheat was also firm and higher. Corn and oats were rather firm in sympathy with wheat. Spot prices were well maintained under moderate inquiries.

At Chicago September wheat opened at 96 1/2c and closed at 96 3/4c. December closed at 97 1/4c. September corn closed at 31 1/2c and December at 33 1/2c. At St. Louis 99 1/2c was bid for cash wheat. Cash corn was 29 1/2c.

At Baltimore cash wheat brought \$1.01 1/4 and corn 36c.

At Cincinnati No. 2 red wheat sold at 96c. Corn 33 1/2c.

The Limestone Milling Company is paying 90 cents for wheat to-day.

### CINCINNATI TOBACCO MARKET.

CINCINNATI, Sept. 9.—Firmness again featured the local tobacco breaks Thursday. The demand, as usual, centered on good fillery qualities under \$10, with bright trashes and color lugs a good second in the bidding. Top qualities were in fair demand and firm, but it was the old story of dullness on nondescript varieties. Total offerings, 917 hogsheads.
